(Marchi, C. n. 1/15/10)

The diagram is a site plan of a property. On the left, a building labeled 'fabbricato' is shown with diagonal hatching. To its right is a large rectangular area labeled 'giardino' (garden). Further right is a trapezoidal area labeled 'parcheggio' (parking), which contains two car symbols. The parking area is bordered by a red line. To the right of the parking area is a narrow strip labeled 'passo comune' (common access). At the bottom, another red line is labeled 'passo comune'. Near the bottom right, there are two small structures labeled 'ingressi' (entrances) with arched doorways. The top of the plan shows a wavy line representing a boundary or landscape feature.
