A photograph of a building facade. The wall is a mix of light tan and reddish-brown tones, showing signs of age and weathering. A large, dark, textured area on the right side of the image, possibly a shadow or a large window, dominates the upper half. A green shuttered window is visible at the bottom right. A white-framed window is visible at the bottom left. A green pipe runs vertically down the wall. A dark, textured area is visible on the right side of the image.
