	MARINA DI CARRARA VIA BERTOLONI AREA P.E.E.P.	COOPERATIVA R.L. EDIMIL
tav.	3	data scala 1:100 PROSPETTI-SEZIONE

This architectural elevation drawing depicts a symmetrical building facade. The central feature is a prominent entrance with a large, dark, rectangular opening. Above this entrance is a smaller, lighter-colored section. The facade is flanked by two large, vertical, light-colored panels. The upper portion of the building features a series of windows, some of which are highlighted in red. The roofline is flat, and the overall design is modern and minimalist.
